The definitive "Become a Sex-Crazed Fuck Slut" full list of files.

by belyaev

NOTE: I'm going offline for a few months, starting Sept 2nd 2021, as real-life stuff has piled up that needs my full attention. Good luck to everyone with everything and take it easy! Here is an interesting [Bambi tribute remix video](#) with added Sex Mania filthy subliminals.

It's been a journey, but now the full maximum impact "self-rewiring into perpetual irreversible horniness" playlist program is finally ready.

Caution is suggested; the files can be quite extreme, as can be some resultant personality changes.

Part 1: Daytime self-rewiring

1. [Dirty Sex Mania Booster \(Daytime\)](#)
2. [Anal Pig Filthy Whore Brainwashing](#)
3. [Pig Girl Brainwashing Boosted \(Daytime\)](#)
4. [Dirty Sex Mania Booster Deep Rewire](#)
5. [Anal Pig Toilet Pig Brainwashing](#)

Part 2: Nighttime self-rewiring

And, of course, it's always good to start the day with the delightful [Bimbo Secrets of Filthy Pleasures](#), and perhaps follow up with the original straightforward and robust [Pig Girl Brainwashing](#) file from which everything begun.

Big thanks to everyone for the support and positive feedback!

Please keep leaving feedback an all files (in journals, or the forums, or as comments under the files), to share experiences, and also so that future users can know what they are getting into.

Fun and games is well and good, but it's probably best for one to remember to keep the ole immune system in decent shape, times being what they are. This would include vitamins, liquids, days without porn, and nights of quality sleep. As an investment into being able to enjoy the games longer and deeper.

NOTE: I'm not taking on any slaves or clients currently, not will I be anyone's guide.

If someone possibly goes in too deep and wants to go back—kindly describe the process as warning to others, and then either seek help from other files or tists (or forum advice from other users), or go on a cold-turkey mostly offline period of up to 90 days without hypno and porn, and with lots of liquids, vitamins, walks, and pre-internet books and films, to help the nervous system and personality regain shape and function.
